*Includes applicants offered admission to the department's dual program.

^Includes 3 students who transferred with a new faculty member. Thus, 12 admission offers were made for incoming first years; of those, 9 matriculated.

NOTE: Starting in the 2020-2021 application cycle, we are no longer requiring or reviewing GRE scores as part of admissions decisions. Thus, starting in 2020-2021, we will no longer have GRE data to report.

#Includes 2 students who transferred with a new faculty member. Thus, 8 admission offers were made for incoming first years; of those, 7 matriculated.

Program Disclosures

As articulated in Standard I.B.2, programs may have "admission and employment policies that directly relate to affiliation or purpose" that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.

If yes, provide website link (or content from brochure) where this specific information is presented:

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work,
and the expected implications for time to completion. Please indicate NA if not applicable:

Doctoral students may enter the program with credit for prior graduate work, but will only be approved for up to 6 transfer credit hours that can be applied towards their Master's degree. We evaluate transfer credit for students entering with prior graduate coursework on an individual basis once they have been admitted to the program, but typically tell our applicants to assume that they will receive no credit for prior coursework and will still need to spend 4-5 years in the program before graduating with their doctoral degree.
